

# *A/V Integration Support*

## **SKC Onsite Staffing (SOS)**

SKC Onsite Staffing Support is available for those customer's that need a full-time, dedicated resource to ensure their AV environment is running smoothly. Let SKC's technician help alleviate Help Desk responses, provide training and job aid, provide expert assistance with your environment, evaluate future AV technology, solutions and quotes, manage inventories and provide weekly comprehensive custom reporting. In addition, our SKC technician is available to ensure success with project oversight, monitor control standards, and most important, assist end users to maximize the investment made in audio visual conferencing.
